Certificate

for offsetting greenhouse gas emissions

ECoD gemeinnützige GmbH
has offset **25,000 kg**
of CO₂ greenhouse gases on Feb 19, 2026.

What does your climate protection contribution accomplish?

With your climate protection contribution with the amount of 750.00 Euro, you are supporting the following projects, among others:

Efficient stove systems for families in Nigeria

Your climate protection contribution pays for 10 stove systems. These save about 80% of energy.

Drinking water for students in Togo

With your contribution, you will enable approximately 50 school child(ren) to have access to five liters of clean drinking water every day for a year, that otherwise needs to be boiled.

Maintenance of biogas units for households in Nepal

Your contribution allows a family farm to maintain their small biogas plant for 8 year(s). The plant replaces firewood for cooking.

Since 01.01.2021, atmosfair has been operating its projects according to the new rules of the Paris Climate Agreement. The projects listed here have already received commitments from the host countries (including so-called corresponding adjustments) to prevent double counting.
